

North Bay Forest Improvement Program: Project Implementation Application

We highly recommend that you have a Forest Management Plan (FMP) prior to applying. If interested in applying for an FMP through our program, please contact your local Resource Conservation District for more information.

1. Point of Contact

First Name*

Last Name*

Email*

Phone*

Mailing Address: Street*

Mailing Address: City*

Mailing Address: State/Province*

Mailing Address: Zip/Postal Code*

2. Property Description

Is mailing address same as property address? If no, please enter property address below.*

YES

NO

Property Address: Street

Property Address: City

Property Address: State

Property Address: Zip/Postal Code

County*

Property Size in Acres*

^ Individual participating ownerships must be between 5 and 500 acres of forestland in the State of California. Forestland can be any of the following vegetation types: oak woodland, redwood forests, mixed evergreen, ponderosa pine.

Assessor's Parcel Number*

Note: Only one application is necessary for a multi-ownership project

Multi-Ownership Project?*

YES NO

If Yes, how many additional landowners?

If Yes, what are the additional Assessor’s Parcel Numbers?

Property substantially damaged (wildfire or non-wildfire related) within the last 36 months?*

YES NO

3. General Project Information

Does your property fall within a Disadvantaged Community or Severely Disadvantaged Community (DAC or SDAC, respectively)? For locating DAC and SDAC areas, please use [this mapping tool](#) and select "Disadvantaged Communities - Block Group (2018)"*

YES NO

Payment incentive rate requested*

Regular Incentive Rate (approx. 60% [DAC 80%])

Reduced Incentive Rate (approx. 40% [AC 60%])

If you have already entered into a similar project agreement with the Natural Resource Conservation Service (NRCS) utilizing funds from the Environmental Quality Incentives Program (EQIP): would funding rates in this program allow you to increase treatment areas in association with an active EQIP contract?*

- >100% Increase in EQIP Treatment Acres
- <100% Increase in EQIP Treatment Acres
- No Increase in Treatment Acres/No EQIP Funds

^ If you answered that project will increase EQIP treatment acres, please upload your EQIP contract in the designated box at the end of the application.

Do you have an existing Forest Management Plan (FMP)?*

- YES
- NO
- Incomplete
- In progress

Resource Assessment/Forest Management Recommendations: Briefly describe timber stand descriptions, slopes, Forest Management Plan (FMP) management units work will be conducted in (if available), and desired post-project stand condition. (No more than 100 words per unit).*

4. Biological, Archaeological, Historical, and Cultural Considerations

Biological & Natural Area Considerations: Has a California Natural Diversity Database (CNDDDB) Records Search been completed?*

- CNDDDB Records Search Not Completed
- CNDDDB Records Search Completed

^ If a CNDDDB Records Search has been completed, please upload the map and search results from within at least 3 miles of the treatment unit in the corresponding upload boxes at the end of the application.

Historical & Cultural Considerations: Has an Information Center Records search been completed?*

- Information Center Records Search Not Completed
- Information Center Records Search Completed

Known Archaeological/Historical sites?*

YES

NO

Select box if project area surveys have been completed by an archaeologist or Cal Fire qualified archaeological surveyor (if applicable)

5. Treatment Practices Included in Project

Please list the number of acres, per applicable practice, that you plan to implement utilizing incentives funds through NBFIP. Please reference the [NBFIP Prescriptions and Cap Rates document if needed.](#)

Note: [CalTopo](#) is a helpful resource for identifying and estimating acreage. For a demonstration of how you can use CalTopo, please see our Application Assistance Video found [here.](#)
