# AFTER THE FIRE™

## 2022 WILDFIRE LEADERSHIP SUMMIT

RECOVER. REBUILD. REIMAGINE.

## Wildfire Leadership Summit Wrap-Up

*We are inspired and energized after three full days of networking, knowledge sharing and capacity building.*

The 2022 After the Fire USA (ATF3R) **2022 Wildfire Leadership Summit** was our most ambitious convening ever. We did a smaller version with Camp + Woolsey + North Bay Complex Fires in March of 2019 that was impactful for all. We scheduled another for May 2020... but then COVID-19 got in the way.

### **In 2022, we were finally able to do it.**

This year, we invited 126 orgs and 168 people to convene for three days and we began where we always must begin: with the fire affected communities. May we know each other, listen together, share best practices, and spread hope.

We were honored to have virtually every wildfire community since 2015 (Valley Fire, Lake County) across California, Colorado and Oregon represented.

We video recorded nearly all of the three-day program. We are spending the next few weeks editing that content into segments, and when they are ready, we will share these videos on our website, on social media and via our **After The Fire USA YouTube Channel**.

Many thanks to our sponsors for making this Summit possible: **Fannie Mae, Alaska Airlines, Hanna Center, Institute for Business and Home Safety (IBHS)** and **Obsidian Wine Company**.

## SAVE THE DATE!

Mark your calendars for the 2023 Wildfire Leadership Summit in Sonoma, CA: September 26, 27 & 28, 2023 to be held at again next year at the beautiful Hanna Center.

### After the Fire Wildfire Resilience Network

In an effort to stay connected and continue building these cross-sector, cross-region relationships, we have launched the **After the Fire Wildfire Resilience Network Group** on LinkedIn. Joining this group provides a way for leaders to keep the conversation going related to this complex work. Feel free to join the group, post questions and share resources with the group there, too.
