

Post-Summit **Action Steps** to Bring Back to the Community

AFTER THE FIRE
2022
WILDFIRE
LEADERSHIP
SUMMIT
RECOVER. REBUILD. REIMAGINE.

Wildfire Communities Represented at the Summit

that worked in small
groups of diverse
stakeholders to define
ACTION STEPS
to take back to their
communities

A word cloud of wildfire community names, arranged in a roughly triangular shape pointing to the right. The words are in two colors: blue and orange. The names include: mckinney, atlas, mcfarland, dixie, echo mountain, kincade, camp, north bay, lake complex, obenchain, bootleg, beachie creek, marshall, maria, holiday farm, glass, mendocino, lnu, alameda, august complex, lionshead, caldwell, thomas, colorado, valley, bear, oregon, carr, nuns, woolsey, oak, california, czu, hopkins, walbridge.

Post-Summit **Action Steps** for Wildfire Recovery Community Leaders

Advocate and Know Policy

Keep pushing on the gaps. We need to fill and overlap where we can be successful.

Learn about disaster tax credits

Understand needs of recovery to inform services

New emphasis on community preparedness & resilience education

Finding innovation immediate, intermediate, with long term housing plans

Bring these summit ideas up to state level on the policy side to connect and help get these ideas implemented

Post-Summit **Action Steps** for Wildfire Recovery Community Leaders

New Collaborations

Identify key community leaders

Reorganizing & rapid response of local community coalitions is critical to the recovery and rebuilding post wildfire

Create places for public leaders to collaborate

Create spaces for emerging leaders to bring new ideas in as they are working with communities

Recovery requires a community. Government, non-profits, residents, and members of the private sector

Connect with local providers similar to those met at conference

Collaborate with new connections

Collaborate for comradery. Bring people together to share stories & heal together. Learn from each other.

Call tech partners to table.

Post-Summit **Action Steps** for Wildfire Recovery Community Leaders

Develop and Share Information

Making this learning accessible and build grassroots capacity

More case studies on success stories

Drill down on challenges

Institutionalizing a permanent organizational framework for pre-, during, and post-wildfire disaster actions, (collaboration b/w public, private, & non-profit sectors)

Post-wildfire disaster construction best practices & cost containment

Know that trauma is part of the conversation and should inform care, collaboration, and work. Climate related disasters = increase in trauma

Reframe grant proposals based on knowledge from summit

Have pre-positioned contracts ready at-hand

Post-Summit **Action Steps** for Wildfire Recovery Community Leaders

Work on Specific Initiatives

Making connection help remember stages along the way and previewing what lies ahead

Expand regional emergency communications (Watch Duty)

How are volunteers used? Managed?

Welcome the fire and increase collaboration with tribes and indigenous peoples

Have a discussion about trauma informed care

Align and combine forces around insurance advocacy (yes, collaborate)
