

TOGETHER WE DO.

Commemorating 5 Years of Recovery. Rebuilding. Reimagining.

Five years ago wildfires swept Sonoma, Napa, Mendocino and Lake counties. Together we experienced unprecedented disaster and loss. And together our resilient communities rose up to the challenge of recovery, rebuilding, and reimagining.

In the midst of the wildfires, Rebuild NorthBay Foundation (RNBF) was formed by public, private, nonprofit, education, and healthcare leaders to bring private and federal resources to our recovery, assist with coordinating the rebuild, and support survivor leadership across the region to recover, rebuild and reimagine. From the beginning, we’ve asked *What do you need and how can we help?*

“We lead it because we’ve lived it.”

— Judy Coffey, RN | Tubbs Fire Survivor and Board President After the Fire USA and Rebuild NorthBay Foundation

2017-22 KEY MILESTONES

1000s

Disaster survivors & leaders supported via coaching, website, podcast, deployments
